Sir,

I beg to acknowledge the receipt of your communication of the 21st ultimo, Ref.71365, and to return herewith the application for patent of Frederick F.Fowke, for his homestead, the North West ¼ of Section 35, Township 22, Range 11, West of the 4th Meridian, and to inform you that as the applicant has lived on his homestead, he only requires thirty acres of breaking twenty of which should be in crop.

As the applicant claims sixty-one acres of breaking, and twenty-five acres in crop, it would appear that his cultivation duties have been performed in a satisfactory manner.

In regard to the second paragraph of your letter I may state that in cases of this kind it is only where the duties have not been completed with that a supplementary statement is required, therefore, the application for patent would appear to be in order, and if you are satisfied to recommend the same it will be submitted for favourable consideration.

Sir, Re N.E.¼ 16-31-5, W.4th M.

I beg to inform you that your homestead entry for the quarter-section above mentioned was cancelled on the 11th May, 1927, whereupon the said land was posted for settlement again in accordance with the conditions of the homestead provisions of the Dominion Lands Act.

I am further to state that entry was granted on the 5th July, 1927, to Jalmer Thompson as a soldier grant, and in support thereof Mr. Thompson has completed payment for improvements valued by an Inspector of Dominion Lands at $223.00 subject to your brother, Ellert Ellertson, harvesting the 1927 crop.

You will recollect that although you appear to have completed the settlement duties and made application for patent, cancellation of your entry occurred as a result of your failure to be naturalized as a British Subject. Whereas Mr. Thompson was granted entry strictly in accordance with the regulations he cannot be dispossessed of the land and, under the circumstances, you have established no right by reason of your having taken possession of the land subsequent to the cancellation of your entry, and it therefore devolves upon you to vacate immediately, and you are requested to govern yourself accordingly. In this connection I beg to quote from the provisions of subsection 2 of Section 11 of the Dominion Lands Act, Chap. 113, R.S.C. 1927:

> "When application is so made for land then open to "homestead entry, the local agent or officer acting "for him shall accept it upon payment of the said fee "and shall give the receipt hereinafter provided for; "and the acceptance by the local agent, or the officer "acting for him, of the said application and of the fee "shall constitute entry, and the receipt given to the "applicant in form D shall be a certificate of entry

Sir,-

Re T.... L 10- ...-... 4th .

I beg to acknowledge the receipt of your letter of the 14th ultimo, file No. 2200, enclosing statutory declaration executed by Dr. Albert ... Kelling in defence of the cancellation proceedings instituted against his re-entries etc, for the above mentioned quarter-sections for failure on his part to make cultivation for patent within the time [illegible] date of entry provided by the regulations.

According to the evidence submitted, it would appear that Dr. De Lamo has been in continuous residence on the entered homestead from [illegible] portion of the year 1907 since April, 1911, and has, up to the present time, had [illegible] under cultivation on the said sections.

In reference to the papers relating to Dr. Kelling's entered South African Land Grant, the East half of Section 9 in the same township, it is observed that he claims six months residence thereon in each of the years 1911, 1912 and 1913, from the 6th April to the 6th October. Consequently, if the statement now made to the effect that he has been in continuous residence on the entered homestead since April, 1911, is correct, the residence requirements for his said military land grant were not performed in accordance with the regulations.

Upon the circumstances, it will be necessary to instruct the Dominion Lands [illegible] detailed to report in connection with the [illegible] cation, to make a thorough investigation concerning the residence performed in connection with the said grant. Witness should be called before the Commissioner, if practicable, and the Commissioner should interview Dr. Kelling if the latter is willing to be seen. Sir:-

Referring to your letter of the 1st instant on behalf of John Myers to homestead the south half of Section 36, Township 9, Range 1, west of the 4th Meridian, which you state Mr. Myers applies to cancel, I beg to say that an application to cancel this land was received in this office from a Mr. John Sweeney on the 30th of March and notices to show cause were sent out to the homesteader on the 31st ultimo. On the 18th of April an application was received from your client Mr. John Myers, supported by an affidavit in which he charged Mr. Sweeney with perjury in connection with his application.

The whole matter was referred to the Department on the 27th of April and they wrote to Mr. Sweeney and told him that he would be given thirty days within which to make any representations he desired in connection with his application. The matter is still before the Department and until a reply is received from them nothing further can be done.

Mr. G.E.B. Sinclair,
Dominion Member,
Seed Grain Advisory Board.

[redacted]

The matter of an application for an adjustment of indebtedness outstanding against t e above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1919 seed grain amounting to $141.05 was advanced to Lewis E. Dafoe while he held entry on the above mentioned land. A payment of $55.00 was received in 1927 and applied to the interest. The present standing of this account is:

Principal	Interest	Total
$ 141.05	$ 271.46	$ 412.51

The N.E. 6-32-8-W4 was the homestead entry of the debtor whose entry was cancelled and is still unalienated Crown land held in the right of the Province.

In reply to our questionaire concerning the N.E. 6-32-8-W4 of the 15th of April 1952, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:

"This parcel is unalienated crown land covered at present by a long term grazing lease issued by this department. This land is located in that part of the Province designated "Special Areas" and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

As the land is fit for grazing purposes only, it offers little [redacted] for our advances. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

Re: Account of Hiram Harburn,
SW 14 & E.½ 10-31-8-W.4th.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 fodder and relief amounting to $749.35 were advanced to Hiram Harburn on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$ 749.35	$ 1,420.08	$ 2,169.43

Patent was issued in the name of Hiram Harburn for the E.½ 10-31-8-W.4th on the 27th of October, 1914, later becoming subject to the 1915 liens. The S.W. 14-31-8-W.4th was formerly the purchased homestead entry of the debtor whose entry was later cancelled and the land is still unalienated Crown land held in the right of the Province.

In reply to our questionnaire of the 24th of September, 1953, The Director of Assessments, Department of Municipal Affairs, Province of Alta., wrote as follows:-

"The South West quarter of Section 14 is unalienated Crown land, while title to the East half of Section 10 is vested in this Department having been acquired through Tax Recovery proceedings. This land is occupied at present under grazing lease as issued by this Department and in view of it being situated in that part of the Province designated Special Areas there is little likelihood of any sale being made of same."

The information obtained indicates that the land is such that it is unlikely to be used for farming purposes or disposed of by sale in the near future and no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

W.J. Taylor.

Sir:-

Re S. E. ¼ of 3-20-8, W. 4th M.

I beg to acknowledge the receipt of your statutory declaration of the 20th ultimo, relinquishing your homestead entry for the above mentioned land in favour of your brother, Mr. James Tribe, who wishes to secure the same as a preemtion. There appear to be no improvements.

This abandonment has been accepted, and the entry cancelled, and the Agent of Dominion Lands, at Medicine Hat, instructed to notify your brother in the usual way to come forward and make re-entry for the same as a preemption, provided, of course, that the former knows of no reason to the contrary.

The presentation of this letter to any Agent of Dominion Lands will serve as his authority for granting you another entry for any available land on the ordinary terms.

Please note that if you are indebted to the Department for seed grain, you are only permitted to make a fresh entry subject to the transfer of such seed grain indebtedness to the land for which you may enter under the authority of this letter.

Assistant Secretary.

With reference to the above parcel the Ordnance, Admiralty and Railway Lands Branch advised this Branch some time ago that there are 18.2 acres of dried up area in the unpatented portion of the quarter-section now available for disposition.

The question of offering this parcel of dried up area to the owner of the patented portion of the quarter-section whose name has been furnished by the Registrar of Land Titles for the district in which the land is situated, is now being given consideration. Will you kindly confirm the area furnished by the Ordnance Lands Branch and state whether, this is a case of dried up area or one of correction in survey where there has been no actual change in the water line.

Land Patents Branch reports that the plan upon which patent was issued for fractional quarter-section was that dated 28th February, 1907.

Memorandum,-

Referring to Mr. Stewart's memorandum of June 15, on file 2093453 herewith, the area of the northeast quarter of section 15, township 25-18-2 was computed to the edge of Loon lake as located in the original traverse. An investigation of this lake in 1916 by W.A. Scott, D.L.S. however, indicated that the edge of the lake was not a very satisfactory boundary and the areas recently furnished were for those quarters of legal subdivisions not rendered worthless by water. As a consequence no water area will be shown in this quarter section on the next edition of the township plan.

The difference of 18.2 acres is in part due to the recession of the waters of the lake and in part to the different method of dealing with water areas.

DOMINION LANDS ADMINISTRATION

OTTAWA. 14th October, 1929.

Sir,

Land N.E.¼ 15-25-18-W. 2nd M.

Your records will show that letters patent have been issued for part of the land above described, and by looking at the latest plan of survey, of which you have a copy, it will be observed that there is an accrued area of 18.20 acres, the title to which is in the Crown.

Would you please have an Inspector, the first time he is in that vicinity, interview the Secretary-Treasurer of the municipality and find out the name of the owner of the patented area. With this information he might investigate so as to ascertain whether any of the presumably dried-up area has again become covered by water. If the accrued area, the title to which is still in the Crown, is not affected by water, the Inspector might interview the person owning the patented area and ascertain whether he has any intention of acquiring the undisposed of parcel. When making his report the Inspector should include a statement as to the value of the dried-up land.

It could be intimated to the person interested in the patented land that unless a purchase were made of the dried-up area, the Department would probably proceed to definitely allocate on the ground the boundaries of the lands covered by his patent so that we could proceed with the sale or disposition of the Crown property.

If steps were taken to make this survey any subsequent sale of the property, in addition to the Inspector's valuation, would have to include the cost of the survey and any additional expense to which the Department may have been put in determining the lines of the lands that have already been granted by patent.

Re: Account of G.G. Fink
S.W. 10-26-15-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1919 seed grain amounting to $191.25 was advanced to G.G. Fink on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 191.25	$ 443.61	$ 634.86

The S.W. 10-26-15-W4 was formerly the pre-emption of the debtor whose entry was cancelled on the 4th of May 1927, and is still unalienated Crown land held in the right of the Province.

In reply to our questionaire of the 26th of May 1952, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:

"This land is unalienated crown land occupied at present under long term grazing lease. This land is located in that part of the Province designated Special Areas and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security of value for our advance. Under the circumstances it is recommended that the indebtedness be cancelled.

Sir,-

N. ½ 9-8-1 . 4th-Homestead.
N. ½ 10-8-1 . 4th-Pre-emption.

Referring to the cancellation proceedings pending against your entry, I beg to inform you that according to a report from the Military authorities, you enlisted with the Canadian Expeditionary Forces on the 11th May, 1918. As you are entitled to credit for military service as residence, the requirements of your entry in that regard have been fulfilled for two years.

It appears however that both prior to your enlistment and since your discharge, you have resided with your father on section 21, township 8, range 1; your improvements consist of thirty acres of breaking. As a portion of the residence was performed in the vicinity, you are required to bring a total of thirty seven acres under cultivation, before you will be in a position to make application for patent.

Under the circumstances cancellation proceedings will be held in abeyance for a period of thirty days from this date to enable you to break an additional seven acres and appear at the Dominion Lands Office at Lethbridge or at a Sub-Office for the district and furnish proof of duties as above required in proper form.

With regard to your pre-emption I may say the law makes no provision for residence in the vicinity, in view of which it will be necessary for you to satisfy the Agent of Dominion Lands by the first of September next that you have erected a dwelling house on either the homestead or pre-emption and are performing residence on the land in connection with your pre-emption entry. You are also required to break fifty acres in connection with your pre-emption

in addition to the thirty seven acres required to earn patent for your homestead. If you are not prepared to undertake the residence duties referred to you have the privilege of paying three dollars an acre for your pre-emption in addition to the usual payment for the land at one acre, but you could not be relieved of the cultivation dutior.

I am in receipt of your letter of the 4th ult. with respect to your homestead and pre-emption entries for the W. ½ 9-8-10 W. 4th M. and E. ½ 15-8-10 W. 4th M., from which it would appear that you have been unable to bring under cultivation the area required by the terms of your respective entries.

Sir:

I am in receipt of your letter of 10th ultimo forwarding report made by Homestead Inspector Nurcombe. It is noted from the same that careful inquiries were made to ascertain the whereabouts of Alfred S. Coates who incurred the indebtedness against this land, and that no information could be ascertained only that he left the district last spring.

In view of the fact that his entries for these lands have been cancelled, and the same at this time appear to be vacant, it will be impossible to make any collection until the lands are again entered for.

This Department has an old account against the above noted land for advances of seed grain to Alfred E. Boates in 1920. Re: Account of A.E. Coates
N.E. 9 & N.W. 10-23-10-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1920 seed grain amounting to $100.40 was advanced to A.E. Coates on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$ 100.40	$ 426.13	$ 616.53

The N.E. 9 & N.W. 10-23-10-W4 were formerly the homestead and pre-emption entries of the debtor, whose entries were cancelled on the 2nd of September 1922 and the land is still unalienated Crown land held in the right of the Province.

In reply to our questionaire of the 7th of February 1922, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:-

"This land is unalienated crown land covered at present by a long term grazing lease issued by this department. This land is located in that part of the Province designated "Special Areas" and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

As the land no longer offers any security of value and is such that it cannot be used for farming purposes, it is recommended that the indebtedness be cancelled.

C.W. Gilchrist.
